Time management abilities

Technical Skills

Dynamic and self-motivated professional with experience at Bahir Dar University, excelling in problem-solving and mentoring. Proven ability in web development using JavaScript and Node.js, while fostering collaboration and engagement in community outreach programs. Committed to promoting digital literacy and enhancing student learning experiences through innovative workshops.

Experience

Work Study Student

2022-09 - Current

Volunteer

Bahir Dar University, Bahir Dar, Ethiopia

- Assisted with special events and programs.
- Maintained clean, neat, and operational facilities to serve program needs.
- Supported engaging, fun, and smooth-running events by helping with organization and planning.
- Used strong interpersonal communication skills to convey information to others.
- Assisted in organizing **student workshops and coding bootcamps**, supporting peers in learning backend development and networking concepts.
- Volunteered as a **mentor for junior students**, guiding them in programming fundamentals and project preparation.
- Helped coordinate **academic events and seminars**, ensuring smooth logistics and technical setup.
- Contributed to **community outreach programs**, promoting digital literacy and awareness of eco-tourism technology projects.

2022-09 - 2027-06

Intern

Bahir Dar University, Bahir Dar, Ethiopia

- Supported staff members in their daily tasks, reducing workload burden and allowing for increased focus on higher-priority assignments.
- Gained valuable experience working within a specific industry, applying learned concepts directly into relevant work situations.

- **Programming Languages:** JavaScript, Node.js, PHP, Python, SQL, MongoDB
- **Frameworks & Tools:** Express.js, React, Vite, Git/GitHub, RESTful APIs
- **Database Management:** MySQL, MongoDB – administration, optimization, scaling
- **Web Development:** Frontend (HTML, CSS, JavaScript), Backend (Node.js, Express)
- **Networking & Systems:** Networking design, IP addressing, operating system concepts
- **Security Practices:** JWT authentication, input validation, encryption, access control
- **Deployment & Hosting:** Managing hosting environments, scaling applications, troubleshooting
- **Data Entry & Documentation:** Accurate data handling, record management, and structured reporting

Soft Skills

- **Rapid Learner** – Quickly adapts to new frameworks and tools
- **Problem Solver** – Skilled at debugging and optimizing performance

- Analyzed problems and worked with teams to develop solutions.
- Contributed to a positive team environment by collaborating with fellow interns on group projects and presentations.

Education

Expected in 2027-06

Bachelor of Science: Web Development

Bahir Dar University - Bahir Dar, Ethiopia

Accomplishments

- **Academic Excellence** – Consistently achieved top results in Computer Science courses, excelling in programming, networking, and operating system history.
- **Project Innovation** – Designed and developed an **Eco-Tourism Platform** to digitize Ethiopian heritage and promote cultural tourism.
- **Technical Achievement** – Built the **Gebeta Game App** using React, Node.js, and MongoDB, showcasing full-stack development skills.
- **Community Contribution** – Volunteered at university workshops, mentoring junior students and promoting digital literacy in rural communities.
- **Recognition & Awards** – Honoured with certificates for networking design and innovation in technology projects.
- **Leadership & Collaboration** – Coordinated academic events, coding bootcamps, and survey projects, demonstrating organizational and teamwork skills.

Affiliations

- **Member, Computer Science Student Association (University of Bahir Dar)** – Participated in workshops, coding bootcamps, and peer mentoring programs.
- **Volunteer, University Community Service Program** – Contributed to digital literacy initiatives and

- **Collaborative Communicator** – Works effectively with designers, peers, and community members
- **Leadership & Mentoring** – Guided junior students and peers in coding workshops
- **Cultural Innovator** – Blends technical expertise with cultural authenticity in projects
- **Time Management** – Efficiently balances academic, project, and volunteer commitments
- **Self-Motivation** – Driven to achieve goals independently and consistently deliver results

Interests

Fullsack Development

Web Developer

I am a motivated and detail-oriented **Web Developer** with hands-on experience in both **frontend and backend development**. Skilled in **JavaScript, Node.js, PHP, Python, SQL, and MongoDB**, I build dynamic, scalable, and secure applications. My expertise includes **Express.js, React, Vite, RESTful APIs, and Git/GitHub collaboration**, allowing me to deliver modern web solutions that meet user needs.

Beyond technical skills, I bring strong **problem-solving abilities, time management, and self-motivation**, ensuring projects are completed efficiently. I have contributed to **university workshops and eco-tourism projects**, blending cultural authenticity with technology to create impactful platforms.

Employers can rely on me for:

- **Full-stack development** (frontend + backend)
- **Database design and optimization**
- **Secure authentication and API integration**
- **Deployment and hosting management**
- **Collaboration and mentoring in team environments**
